CHICKERING & SONS,

PIANOFORTES.

THE subscribers take pleasure in informing the public that they have been appointed **Sole Agents for these Celebrated Instruments for the State of Rhode Island,** and they would invite special notice to their intention of offering for sale at their NEW WAREROOMS a larger and more complete stock of Grands, Uprights and Squares, made by this Celebrated Firm, than has previously been exhibited in this city.

The subscribers have been conscious of the extra ordinary merits and sterling qualities of the CHICKERING PIANOS for many years. This has resulted from a large experience in the sale of Pianos, many of which were from the best makers in the country and a careful observation of the various points of excellence attained by each particular maker, together with the opportunities afforded from their close connection with the Musical World, of hearing the most unanimous opinion of the greatest artists in favor of the Chickering Piano, and finally, upon witnessing the last and crowning triumph at the recent Paris Exposition over all the most celebrated makers in the world. The peculiar points of superiority to be found in the **Chickering Pianos** have been so frequently and minutely retailed by the Press that we do not consider it necessary in the Card to comment farther upon them. We shall keep in connection with the above, a choice assortment of PIANOS from good and reliable makers at a lower price.

ZEPHYR OVERSHOE.

PATENT APPLIED FOR.

THE utility, cleanliness, and comfort of the overshoe for Winter wear, has demonstrated the necessity of an article suitable for the damp or wet days of the other seasons of the year, when the ordinary overshoe produces discomfort from its weight, warmth, and non-ventilation.

The ZEPHYR OVERSHOE now offered for public patronage, combines the following characteristics:

They are thoroughly water-proof, both sole and upper, which can be tested by filling them with water to the very top, without leaking a particle.

The upper is made of a peculiar cloth, which, although repelling water, yet can be breathed through freely, thus permitting the escape of insensible perspiration, and rendering them cool to the foot on the hottest day.

The binding made of a patented material, being partially elastic, keeps the shoe snug to the foot, avoiding that disagreeable slipping at the heel, and gaping at the quarter, common to the ordinary sandal now in use.

A pair weighs but four ounces, occupies when folded a very small space, and can be carried, when not in use, in the pocket or reticule. For sale at

A Wicked Fraud.

PERPETRATED ON MARK TWAIN.

It is seldom pleasant to tell on one's self, but sometimes it is a sort of relief to a man to make a sad confession. I wish to unburden my mind, now, yet I almost believe that I am moved to do it [illegible] because I love to bring censure upon another man, and because I desire to pour [illegible] upon my wounded heart. (I don't know what balm is, but I believe it is the correct expression to use in this connection, never having seen any balm.) You may remember that I lectured in Newark [illegible] for the young gentlemen of the [illegible] I did, at any rate. [illegible] that day I was walking [illegible] young gentleman just referred to, [illegible] he had an uncle, who [illegible] seemed to have grown [illegible] of all emotion. And with tears in his eyes this young man said:—

"Oh, if I could only see him laugh once more! Oh, if I could only see him weep!"

I was touched. I never could withstand distress. I said:—

"Bring him to my lecture. I'll start him for you."

"Oh, if you could but do it! If you could but do it, all our family would bless you forevermore—for he is very dear to us. Oh, my benefactor can you make him laugh? can you bring soothing tears to these parchment orbs?"

I was profoundly moved. I said:—

"My son, bring the old party around. I have got some jokes in that lecture that will make him laugh if there is any laugh in him—and if they miss fire, I have some others that'll make him cry or kill him, one or the other."

Then the young man blessed me, and wept on my neck, and blew his nose on my coat-tail, and went after his uncle. He placed him in full view in the second row of benches that night, and I began on him. I tried him with mild jokes; then with serious ones; I dosed him with bad jokes; and riddled him with good ones; I fired old jokes into him, and peppered him fore-and-aft with red-hot new ones; I warmed up to my work, and assaulted him on the right and on the left, in front and behind; I fumed and sweated, and charged and routed, till I was hoarse and sick, and frantic and furious—but I never moved him once—I never started a tear or a smile! Never a ghost of a smile, and never a suspicion of moisture. I was astonished. I closed the lecture at last with one despairing shriek—with one wild burst of humor—and hurled a joke of supernatural atrocity full at him. I never phased him. Then I sat down bewildered and exhausted.

The president of the society came up and bathed my head with cold water, and said—

"What made you carry on so toward the last?"

I said: "I was trying to make that confounded old fool laugh, in the second row."

And he said: "Well you are wasting your time—because he is deaf and dumb, and as blind as a badger."

Now was that the way for that old man's nephew to impose on a stranger and an orphan like me? I simply ask you, as a man and a brother, if that was any way for him to do?

Your superphosphate [illegible] the confidence of the agricultural community.

[illegible] DANA HAYES, [illegible] of Mass.

From JUDGE PIERREPONT.

[illegible] N. Y., Nov. 26, 1868.

WM. L. BRADLEY. Dear Sir:—You ask how the Superphosphate which I had of you last spring proved in its use upon my country place upon the Hudson River.

I say in reply that my gardener used it on the lawn, on the piece of meadow and on the Indian corn.

Its effect was rapid and wonderful. It is far the cheapest fertilizer of which I have any knowledge.

Yours truly,

EDWARDS PIERREPONT.

From Hon. GEORGE B. LORING.

I have used every variety and have found none which operated more effectually and permanently than yours.

From COL. LANG, OWNER OF THE CELEBRATED STALLION GEN. KNOX,

NORTH VASSALBORO', Me., Dec. 8, 1868.

W. L. BRADLEY. Dear Sir:—When I met you in Portland, I was unable to answer in full your queries as to the satisfaction found in the use of your Superphosphate, as my crops were not harvested.

I am gratified with the result of its application upon corn, potatoes and roots, and have arranged for a liberal supply for the coming season.

Very respectfully yours,

T. S. LANG.

From REV. HENRY WARD BEECHER.

A second season's trial confirms the good opinion which I formed of it both for corn and garden crops.

STATE REFORM SCHOOL OF CONNECTICUT,

WEST MERIDEN, CONN., Dec. 12, 1868.

WM. L. BRADLEY. Dear Sir:—We much prefer your Superphosphate on the various crops we raise on our farm to any now in market.

I am happy to recommend yours as a superior article to all other fertilizers.

We shall order an increased amount for next year's use. Yours truly,

E. W. HATCH, Supt.

WILLIMANTIC, CONN., Nov. 12, 1868.

WM. L. BRADLEY. Dear Sir:—I have used your Super Phosphate the past two years, with other fertilizers in the same field, to test the quality of each, and do not hesitate to pronounce yours the best.—My business leads me to examine the crops on a large number of farms besides my own, and I find as a general rule that where Phosphate is used, it increases the corn and potato crop from one-third to one half.

I am fully convinced that no farmer can afford to plant without it. Yours truly,

ROBERT BROWN, Real Estate Agent.

POLITICAL.—According to a Washington special, an Indiana member of the House saw General Grant on Monday morning, and asked him if he should consult members of Congress in regard to appointments in their States and districts, and the General replied that he should do so, except in a few cases, where he might desire to appoint army officers with whom he was well acquainted.—To a Southern member, who asked if there would be a Southern member in the Cabinet he replied jocosely, "I should think the South would be satisfied with having a President for nearly four years."

THE NEW YORK STEAMERS.—The *Traveller* states on the authority of James Fisk, jr., that that financier has purchased the New York and Newport steamers, for one million dollars, that when the 'Bristol' and 'Providence' resume their trips, they will run from Fall River, and the boats of the Newport line will then be hauled off.

Mrs. Hart, of Worcester, left her home a day or two ago to go shopping, leaving her four children at home. When she returned she found the oldest girl enveloped in flames and she was so badly burned that death ensued in two hours.

Spring Fashions.

A New York fashion writer says that though it is too early to decide as to the style of bonnets which will be generally adopted, it is settled that the bonnet of the coming season is to be smaller than those of the last, with little trimming at the sides, and no strings. A beautiful evening bonnet of white tulle has *point aplique* lace crossing the back and falling in front; the ends are joined by a bow of tulle, covered with fern. Vines of green fern cross the front, with tendrils running over the entire bonnet. Another is made entirely of folds of corn-colored and brown satin, and trimmed with jet, and marguerites. A Neapolitan is trimmed with puffings of white lace and orange flowers, with a fall of lace at the back. A bonnet of black lace has a half-opened rose in front, with trailing vines falling at the side. A white satin bonnet is trimmed with puffings of white lace and a wreath of sweet peas and green leaves. A fancy straw is trimmed in fashionable green, with sprays of wheat across the front.

A new style of round hat, called the Rosalind, is of fancy straw; it is without brim, somewhat in the shape of the *Toque*, high in the centre, with a loop of green satin on one side, and white lace, edged with green satin ribbon, falling at the back.

Very pretty paper bonnets are on exhibition, prepared expressly for milliners as patterns, and costing but a trifle, while a real pattern bonnet costs twenty or thirty dollars. These designs have been found to answer the same purpose as models. A very pretty design for a bridal hat, with a wreath of orange flowers, in paper, is attractive.

The small capes will be more worn than any other style on account of their convenience. They are so small and easily put on that it is predicted these capes will be the prevailing style. Some of the capes worn with suits are deep at the back, and only joined at the neck in front; but the new style cape is round at the back with just fulness enough at the shoulder to give it a graceful appearance, and the front extends below the waist in quite long and narrow lappels, over which the belt is worn.

A sack of black silk for street wear is loose-fitting in the back, extending a little below the belt, the front is a trifle deeper, while it is narrow on the shoulders, and is open under the arm, being joined by the belt. The trimming is of satin fold and black lace edging.

A very pretty bertha, to be made of silk and worn with a dress of the same material, or may be worn over a thin dress of contrasting color, is deep enough at the back to nearly reach the belt, and meets in front at the waist. This is trimmed by a narrow ruffle of the same, headed by a puff, and a bow with sash ends is attached to the front. A new style of bertha extends only over the shoulder, and is attached to a belt of the same; attached to this belt is a half circle, trimmed to correspond, that fall over the skirt.

Paniers proper are but little worn, but the large sash bows and ends are as important as ever, and the basque, or upper skirt is very often arranged in a *pouf* at the back which adds to the prominence given to the fullness of the skirt and the small bustle now almost universally worn with or attached to the hoops. And *en passant* it may be remarked that the arrangement of the skirts, long and short, remains the same; the fullness is gathered at the back, the sides laid in large pleats, the front left entirely plain unless upper skirts form a tunic divided into puffings in front as well as at the back. There is a tendency, however, to get rid entirely of the front of the upper skirt, and drape it with trimming from the sides, disposing it full at the back, but at present it is more a question of taste than a fashion. Walking skirts are nearly all of them trimmed with ruffles or with ruffles headed with one or more puffings; the single narrow flounce (about six inches) is the most popular in the thicker woolen materials worn in early spring, but as the warm weather advances, and thinner fabrics are required, the size and number will probably be limited only by taste and means.

An elegant suit of heavy black silk, trimmed with satin and fringe, attracts much attention. A pretty design for street wear is a gray material trimmed with puffings of the same, bound with garnet satin. A new style cape was trimmed to match.

A novelty is a green underskirt with a wide flounce, set on in flat plaits, around the bottom. Over this a lavender skirt is worn, neatly trimmed with fringe and a puffing of the same. The cape to be worn with this is trimmed to correspond with the over-dress. A suit of sober gray, for street wear, is made with a wide flat plaited flounce around the skirt, which is goring at the sides and front, but straight and full at the back. The bodice is plain, with a puffing across the shoulder and the bands. The cape is mantilla-form in front, the back round, with plaits at the shoulder, on each of which is a satin button, and the back is caught up with a rosette of the same.

A pretty suit of blue is trimmed with white folds and heavy blue silk fringe.

TREATMENT OF UNION PRISONERS.—The House committee on the treatment of Union prisoners during the war has completed its work. It is in manuscript and makes a printed document of seventy-five pages. The committee went into a most thorough and exhaustive examination of the whole subject, and will be able to present facts and evidence of a novel and startling character, showing beyond all doubt, as they think, that the sufferings endured by our soldiers in prison were the result of a deliberate and settled purpose on the part of the rebel authorities, and that the failure of all efforts in the latter part of the war to bring about an exchange of prisoners was due to the determination of the same authorities to reach their ends by the starvation of the men on their hands. The section of the report on this last topic is unusually interesting, and covers three hundred manuscript pages of evidence. Some valuable and interesting statistics compiled in the War Department, and never before published, will be included in the report. It is proper to say that the document was drawn up by Mr. Pile, of the Missouri delegation, by whom it will be laid before the House.

About Home.

RUNAWAY.—A horse belonging to Chas. P. Barber & Son, attached to a wagon, ran down Thames street yesterday afternoon, knocking off the wheel of a farmer's wagon and creating a general excitement.

THE "COMING SEASON."—We learn from Mr. Alfred Smith, that there are now over seventy furnished houses engaged for the season, and that the amount of rents for houses rented by him yesterday, was $8,000. He has now only about fifty houses left in his hands to let.

ROBBING THE CHURCH.—Some rascal or rascals lately entered the Sunday School room of the Thames Street Methodist Episcopal Church and stole therefrom nearly a ton of coal. Our informant adds that in his opinion a person mean enough to steal from a church or Sunday school, is bad enough to do a great deal worse when he has an opportunity. We think so too.

DROWNED.—We are pained to be obliged to announce the loss of the second son of H. DeBlois, yesterday by drowning. He was on the ice in Sears Pond near the Bath Road engaged in play, when he broke through where the water was quite deep, and could not extricate himself. On the alarm being given he was taken from the water, and though life was not yet quite extinct, all efforts for his recovery were fruitless and he died about two p. m.—He was about 9 years of age.

COMPLIMENTARY.—At a meeting of Sea Side Lodge of Good Templars, held Monday evening, the following resolutions were unanimously passed:

NEWPORT, R. I., March 1st, 1869.

Hall of SEA SIDE LODGE No. 24, I. O. of G. T.

Resolved, That the thanks of Sea Side Lodge and all good Temperance People be and are hereby tendered to the Newport Glee Club, for the valuable aid rendered at the Temperance Meeting on Sunday evening, Feb. 28th; and also, to J. P. Rudolph, Esq., Lessee of the Opera House, for the kindness and courtesy shown by him on that occasion.

Resolved, That the Secretary be and is hereby instructed to cause these Resolutions to be inserted in the city papers, and also to transmit a copy thereof to the Glee Club and Mr. J. P. Rudolph, Esq.

WM. A. WILLIAMS, Secretary.

SAD ACCIDENT.—John Clarke and William Carpenter were engaged yesterday at work on the new roof in process of construction on the DeBlois block on Bellevue Avenue when the slight staging gave way and precipitated them both to the ground. As they fell full three stories and struck the curbstone and frozen sidewalk, as might be expected, both were terribly injured. Mr. Clarke was taken up senseless, with various bones broken and his body generally badly bruised and crushed. Dr. Butler and others were called and the examination revealed the fact that his injuries were of such a nature as to preclude all hope of his recovery.

Mr. Carpenter was not dangerously hurt, though it seems almost a miracle that a man could fall that distance and not be instantly killed.

MIDDLETOWN.—At a primary meeting held last evening, Jethro Peckham and Thomas Coggeshall were chosen delegates to the State Convention to be held to morrow.

GO AND SEE IT.—If any of our readers desire to see a beautifully finished, delightfully toned instrument, we advise them to call to-day and to morrow at Wood's City Music Store, and examine a new organ which he is selling at a remarkably low figure.

OPERA HOUSE.—Morris Brothers Minstrels appear in this city this evening.

AUCTION.—The sale of that large and splendid stock of silver plated ware, table cutlery &c., at No 8 Broad street will be resumed this evening at 7 o'clock and continue afternoon and evening the entire week. Goods now on exhibition. Call and examine.

NEW BOOK.—We have received from the National Temperance Society and Publishing House, a new work entitled HISTORY OF A THREEPENNY BIT. This is a little volume that should be in every Sunday School and children's library.

Literary Notices.

ONWARD, Capt. Mayne Reid's new and popular monthly, has just made its appearance on our table. The several serial articles are continued with increasing interest and new ones are introduced. Capt. Reid is so well known as an author and so fully appreciated, that the mere mention of his name in connection with the editorship is sufficient to establish the character and reputation of this work. We predict for "Onward" a brilliant future. Carleton, Publisher, New York.

OUR SCHOOLDAY VISITOR.—Brighter than ever, comes Our Schoolday Visitor to our table, for March. In all the numerous periodicals for children and young people that we have examined, there is none that has more variety, spirit and healthy tone throughout, than are contained in the pages of this cheerful monthly. "The Misunderstanding," by Knickerbocker, Jr., concluded in this number, is a sound, wholesome story for the fathers and mothers, as well as the boys and girls. The table of contents for March, is spread with the rich things.

THE LITTLE CORPORAL is another of the magazines for young folks, that it does us good to recommend. It is lively, spirited, sound, and of good repute. We do not wonder that the boys and girls love to read it. Chicago, A. L. Sewell & Co.

THE HERALD OF HEALTH for March is an interesting number. It contains several well-written articles of a practical character, among which there is one on "Prevention of Disease," one on "What Shall We Eat?" and one on the "Care of the Lungs," each in its specialty excellent. There is, besides these, a variety of entertaining and instructive miscellany. The Herald of Health is published by Miller, Wood & Co., and sold by the American News Company.

THE WESTMINSTER REVIEW maintains its long established character, as one of the standard quarterlies. Its articles are solid and substantial, and from the ablest writers. L. Scott & Co., New York.

NEVER! NO NEVER!—There lived in Cass county, Georgia, many years ago, a man who had once been in the State legislature, and never neglected an opportunity to emphasize the fact. He was a perfect infidel as to new discoveries and new sciences, being perfectly satisfied that if the world should turn over all the water would spill out of his well; and only giving in to steam cars by slow degrees. But the vials of his contempt were poured out upon the idea of a telegraph, and he was wont to say that nobody need try to come the 'green' over him in that way, for he had been in the legislature. Finally, the State road was built, and one day workmen began to put up telegraph posts right in front of his house, and to stretch the wire. His exultant neighbors thought that they had him on that occasion, and asked: "Well, old fellow, what do you think of the telegraph now?" He was cornered, but died game. Drawing himself up an inch taller, he said: "Gentlemen, when I was in the legislature I gave this subject my very attentive consideration. And I said then, as I say now, that it may do for letters and small packages, but it never will take a cotton bale—never!"

GENERAL ASSEMBLY.

Senate.

TUESDAY, March 2.

The Senate met at 11 o'clock, His Honor Lieutenant Governor Stevens in the chair.

The report of the Joint Special Committee on the investigation of the expenditure of the moneys appropriated to make repairs on the Bristol Court House, showing that Joseph M. Blake, for the committee appointed to make the repairs, had drawn from the State Treasury $600 for that purpose, and expended but $290. The report was read, received and the following resolutions passed, and Mr. Butler, of Warwick, appointed on the part of the Senate as the committee provided:

Resolved, That —— on the part of the Senate, and —— on the part of the House, be appointed a committee to adjust all accounts between Joseph M. Blake and the State of Rhode Island, growing out of the appropriations made by the State and received by the said Blake during the years 1865 and 1866 for repairs upon the Bristol Court House, with full authority to take all necessary means to collect from him all sums found due from him, over and above what has been legitimately expended by him, and to pay over all sums thus collected to the General Treasurer.

Also the account of the Aquidneck Rifle Company, of Newport, for $26 40 against the State for expense of transportation to Bristol Ferry, at general training, which was read, and on recommendation of the committee, was passed in concurrence.

Mr. Carpenter, of Pawtucket, submitted the following:

AN ACT so amending the Constitution as to extend the elective franchise to soldiers and sailors who served in the late rebellion and were honorably discharged from the service.

WHEREAS, There are many citizens of this State and of the United States who served faithfully as soldiers and sailors in, and many of them through the war of the rebellion, who are now deprived of the right of the elective franchise; therefore,

Be it enacted, That the Constitution be so amended that all soldiers and sailors, citizens of this State and of the United States, who faithfully served their country during a part or the whole of the late rebellion, and who have received honorable discharges from their commanding officers, be, and the same are hereby entitled to exercise the elective franchise, subject only to the same restrictions and laws as other registered citizens.

The petition of Samuel Adlam and others for an act to incorporate the first Baptist Church of Newport, was taken up, and after considerable discussion by Messrs. Anthony, Pearce and Smith, in the absence of the chairman of the committee on Education, it was allowed to lie on the table for the present by general consent.

Mr. Corless of North Providence, for the Committee on Finance, reported back the resolutions providing for the purchase and care of the stationery, for the use of the General Assembly, recommending their adoption. The resolutions were read for the second time.

Mr. Smith, of Barrington, desired further information upon the subject before voting.

Mr. Corliss, of North Providence, spoke in favor of the passage of the resolution.

Mr. Anthony, of Johnston, also spoke briefly on the resolutions, and hoped they might be allowed to lie upon the table by general consent. He was in favor of a chance of administration as the best remedy for republican extravagance, and would like to substitute spinning wheels for pianos, and old fashioned democratic economy for the present republican recklessness.

The vote was then taken, and the resolution passed unanimously.

Mr. Kenyon, of Coventry then moved that the Senate adjourn to Wednesday morning, at eleven o'clock. Passed.

House of Representatives.

The House met at 10½ o'clock, pursuant to adjournment, Mr. Speaker Van Zandt in the chair.

In the absence of the reading clerk of the House, Mr. John Turner, Mr. George P. Barrows, of Providence, was elected clerk, *pro tem.*, and duly engaged as such officer by the Speaker.

Mr. Barstow, of Providence, presented a petition of Mrs. Lucy Holt and 196 other mothers, of the town of Smithfield, for the passage of a law prohibiting the sale of intoxicating liquors. Received and referred to the Committee on the Judiciary.

Also, a petition of Mrs. Horace Richmond and 66 other mothers, of the town of Gloucester, for the same. Received and referred to the same committee.

Also, a petition of Mrs. Amy Wood, and 27 mothers of the town of Coventry for the same. Received and referred to the same committee.

Mr. Barstow, of Providence, called from the table a resolution offered by him on Monday, in relation to the report of the special committee upon the Cove Lands, and moved its passage. The resolution was read, and a somewhat protracted discussion followed, participated in by several members. The resolution was opposed at considerable length by Judge Greene, of Warwick, and was advocated by Messrs. Barstow, Miner, of Cranston, Sheffield, of Newport, and Eames, of Providence.

Judge Greene was in favor of allowing the suit which has been commenced in the courts by the State, against the City of Providence, for the purpose of testing the title to the so-called Cove Lands in the city, to take its proper course, until a decision shall have been rendered, and subsequently, any compromise which may be deemed desirable between the State and City can be effected.

The question being put upon the adoption of the resolution, it was adopted by a large majority.

Mr. Sheffield, of Newport, called up the special order of the day, an act in relation to setting off a part of the town of Smithfield to Woonsocket.

Mr. Miner, of Cranston, moved that the matter be continued until Friday, and made a special order for that day. The postponement was opposed by members from Smithfield, and others, but finally prevailed, the time being changed from Tuesday, to Friday for which day it is now a special order.

A message was received from the Senate, communicating to the House the various documents, which were disposed of, severally as follows:

Reports of the Joint Special Committee on certain moneys, drawn for repairs of the Court House in Bristol.

Mr. Collins, of North Providence, presented a communication from Mr. Blake, in relation to the subject, which was read, and the report, having been read, was received, and the accompanying joint resolution passed in concurrence with the Senate, Messrs. Collins, of North Providence, and Barstow, of Providence, were added to the committee provided for by the resolution on the part of the House.

Mr. Barstow, of Providence, introduced a bill for an act in amendment of an act entitled 'An Act for supplying the City of Providence with Pure Water.' Received and referred to the Committee on the Judiciary.

Also, presented a petition of the city of Providence in relation to the City Park. Received and referred to the same committee.

Mr. Aldrich, of Woonsocket, from the Committee on Finance, reported back the petition for the payment of a bill of the Newport Artillery Company against the State, in the sum of $125, for cleaning muskets, with an accompanying resolution passed by the Senate. Recommended. Whereupon the bill was allowed and the resolution authorizing its payment was read and passed in concurrence.

Also, from the same commitee the petition of Bernard Campbell, a Union soldier, who lost an arm at the battle of Antietam for leave to peddle without a license. Recommended. Whereupon the prayer of the petitioner was granted, and the usual resolution passed.

Mr. Clarke of Providence, from the Committee on Education, reported back from that committee a resolution from the Senate, providing for the purchase and distribution from the State to public libraries copies of Life and Correspondence of General Nathaniel Greene, recommending that the House concur with the Senate in its passage, with an amendment providing for the purchase of 32 copies instead of 30, and naming the two additional libraries to be supplied with the book.

The resolution was recommitted to the Committee on Education.

On motion of Mr. Bliss, of East Providence, the House adjourned, to meet on Wednesday, at 11 o'clock, a. m.

Coggshall of Massachusetts, and they were followed by Galusha A. Grow of Pennsylvania, Judge Miller of the Supreme Court, Gov. Page of Vermont, Geo. Wilkes of New York and many others.

The House has agreed to the Conference report on the Consular and Diplomatic appropriation bill. After the report had been made Gen. Butler said the Conference Committee had determined that the South American Republics, as they were called, although at least seven of them were despotisms, should be entitled to Ministers resident from this country. In view of the action taken, he would give notice that he would never again make an attempt to cut down the expenses of offices which were so desirable because there was nothing to do, but everything to get.

WASHINGTON, March 2.

The President to-day pardoned the two Lamars, convicted several years ago by a military commission of stealing cotton in the South and sentenced to a heavy fine and imprisonment. It is understood that several chiefs of bureaus will tender their resignations immediately on the formation of the new Cabinet. It is not true as reported that General Spinner is an applicant for a foreign mission. He is not an applicant for any position whatever.

Business Notices.

☞ If the ladies but knew what thousands of them are constantly relating to us, we candidly believe one-half of the weakness, prostration and distress experienced by them would vanish. James Marsh, Esq., 159 West 14th St., N. Y., says, "he has three children, the first two are weak and puny, his wife having been unable to nurse or attend them, but she has taken PLANTATION BITTERS for the last two years, and has a child now eighteen months old which she has nursed and reared herself, and both are hearty, saucy and well. The article is invaluable to mothers," &c.

Such evidence might be continued for a volume. The best evidence is to try them. They speak for themselves. Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, diabetes, &c., will find speedy relief through these Bitters.

Prescribing for the People.

We have dispensaries, hospitals, noble institutions of all kinds, for the relief of human ills. Every thoughtful citizen appreciates the value of these establishments for the amelioration of suffering. But they do not cover the whole ground; indeed, it is impossible, in the nature of things, that the amount of good they do should be at all in proportion to the popular need. They are confined, principally, to large cities. To the sick man in the remote west, for example, of what use is the New York City Hospital, or the New York Dispensary? But, although asylums for invalids are not to be found everywhere, an unequalled tonic and alterative is within the reach of all. There is no settlement that bears a name, within the limits of the United States, where HOSTETTER'S STOMACH BITTERS is not procurable. It is a medicine for the whole community, easily obtainable by all its members.

At this period of the year, when the "last son of February" is beginning to evoke unwholesome vapors from the earth, and the "fever and ague season" is close at hand, this excellent vegetable preparation should be taken as a FORTIFIER OF THE SYSTEM. All complaints proceeding from indigestion are rampant when the winter breaks up in a "ground thaw;" simply because no sensible precautions are, as a rule, taken to prevent them. Forestall the evils that lie perdu in many a marsh, and swamp, and pool, ready to pounce upon the neglectful as soon as the sun shall have liberated the Spring miasma from the reeking soil. Escape bilious attacks, colic, and all malarious endemics and epidemics, by strengthening and regulating the digestive, secretive and discharging organs with the most EFFECTIVE TONIC AND ALTERATIVE OF ALL VEGETABLE INVIGORANTS. Dyspepsia is always aggravated by the damps of early Spring, and Shakspeare tells us that "the sun, in March, doth nourish agues." Against both these complaints HOSTETTER'S STOMACH BITTERS are the best possible protection.

☞ All the difference between Gen. Grant and Paul is this. Gen. Grant takes his seat in the White House upon the 4th of March, whilst Paul will the same day open at the Remnant Store, 31 Dorrance Street, the largest stock of Woolen Cloths and Remnants ever offered in Rhode Island, varying in price from 12c to $10.00 per yard.

HAVE HEARD OF

HOOFLAND'S GERMAN BITTERS,

AND

HOOFLAND'S GERMAN TONIC.

Prepared by Dr. C. M. Jackson, Philadelphia. Their introduction into this country from Germany occurred in

1825.

THEY CURED YOUR

FATHERS AND MOTHERS,

And will cure you and your children. They are entirely different from the many preparations now in the country called Bitters or Tonics. They are no tavern preparation, or anything like one; but good, honest, reliable medicines. They are

and all Diseases arising from a Disordered Liver, Stomach, or

Hoofland's German Bitters

is entirely vegetable, and contains no liquor. It is a compound of Fluid Extracts. The Roots, Herbs, and Barks from which these extracts are made are gathered in Germany. All the medicinal virtues are extracted from them by a scientific chemist. These extracts are then forwarded to this country to be used expressly for the manufacture of these Bitters. There is no alcoholic substance of any kind used in compounding the Bitters, hence it is the only Bitters that can be used in cases where alcoholic stimulants are not advisable.

Hoofland's German Tonic

is a combination of all the ingredients of the Bitters, with pure Santa Cruz Rum, Orange, &c. It is used for the same diseases as the Bitters, in cases where some pure alcoholic stimulus is required. You will bear in mind that these remedies are entirely different from any others advertised for the cure of the diseases named, these being scientific preparations of medicinal extracts, while the others are mere decoctions of rum in some form. The TONIC is decidedly one of the most pleasant and agreeable remedies ever offered to the public. Its taste is exquisite. It is a pleasure to take it, while its life-giving, exhilarating, and medicinal qualities have caused it to be known as the greatest of all tonics.

DEBILITY.

There is no medicine equal to Hoofland's German Bitters or Tonic in cases of Debility. They impart a tone and vigor to the whole system, strengthen the appetite, cause an enjoyment of the food, enable the stomach to digest it, purify the blood, give a good, sound, healthy complexion, eradicate the yellow tinge from the eye, impart a bloom to the cheeks, and change the patient from a short-breathed, emaciated, weak, and nervous invalid, to a full-faced, stout, and vigorous person.

Weak and Delicate Children are made strong by using the Bitters or Tonic. In fact, they are Family Medicines. They can be administered with perfect safety to a child three months old, the most delicate female, or a man of ninety.

These Remedies are the best

Blood Purifiers

ever known, and will cure all diseases resulting from bad blood. Keep your blood pure; keep your Liver in order; keep your digestive organs in a sound, healthy condition, by the use of these remedies, and no disease will ever assail you. The best men in the country recommend them. If years of honest reputation go for anything you must try these preparations.

FROM HON. GEO. W. WOODWARD,

Chief Justice of the Supreme Court of Pennsylvania.

PHILADELPHIA, March 16, 1867.

I find "Hoofland's German Bitters" is not an intoxicating beverage, but is a good tonic, useful in disorders of the digestive organs, and of great benefit in cases of debility and want of nervous action, in the system.

Yours truly,

GEO. W. WOODWARD.

FROM HON. JAMES THOMPSON,

Judge of the Supreme Court of Pennsylvania.

PHILADELPHIA, April 28, 1866.

I consider "Hoofland's German Bitters" a valuable medicine in case of attacks of Indigestion or Dyspepsia. I can certify this from my experience of it. Yours, with respect, JAMES THOMPSON.

FROM REV. JOSEPH H. KENNARD, D. D.,

Pastor of the Tenth Baptist Church, Philadelphia.

Dr. JACKSON—DEAR SIR:—*I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances, and particularly in my own family, of the usefulness of Dr. Hoofland's German Bitters, I depart for once from my usual course, to express my full conviction that for general debility of the system and especially for Liver Complaint, it is a safe and valuable preparation. In some cases it may fail; but usually, I doubt not, it will be very beneficial to those who suffer from the above causes.*

Yours, very respectfully,

J. H. KENNARD,

Eighth, below Coates street.

USE PEKE'S BITTERS. Prepared by CASWELL, HAZARD & CO.

Schenck's Pulmonic Syrup,

Seaweed Tonic and Mandrake Pills will cure Consumption, Liver Complaint and Dyspepsia, if taken according to directions. They are all three to be taken at the same time. They cleanse the stomach, relax the liver and put it to work; then the appetite becomes good; the food digests and makes good blood; the patient begins to grow in flesh; the diseased matter ripens in the lungs, and the patient outgrows the disease and gets well. This is the only way to cure consumption.

To these three medicines Dr. J. H. Schenck, of Philadelphia, owes his unrivalled success in the treatment of Pulmonary Consumption. The Pulmonic Syrup ripens the morbid matter in the lungs, nature throws it off by an easy expectoration, for when the phlegm or matter is ripe a slight cough will throw it off, and the patient has rest and the lungs begin to heal.

To do this, the Seaweed Tonic and Mandrake Pills must be freely used to cleanse the stomach and liver, so that the Pulmonic Syrup and the food will make good blood.

Schenck's Mandrake Pills act upon the liver, removing all obstructions, relax the ducts of the gall bladder, the bile starts freely, and the liver is soon relieved; the stools will show what the Pills can do; nothing has ever been invented except calomel (a deadly poison which is very dangerous to use unless with great care) that will unlock the gall bladder and start the secretions of the liver like Schenck's Mandrake Pills.

Liver Complaint is one of the most prominent causes of Consumption.

Schenck's Seaweed Tonic is a gentle stimulant and alterative, and the alkali in the Seaweed, which this preparation is made of, assists the stomach to throw out the gastric juice to dissolve the food with the Pulmonic Syrup, and it is made into good blood without fermentation or souring in the stomach.

The great reason why physicians do not cure Consumption is, they try to do too much; they give medicine to stop the cough, to stop chills, to stop night sweats, hectic fever, and by so doing they derange the whole digestive powers, locking up the secretions, and eventually the patient sinks and dies.

Dr. Schenck, in his treatment, does not try to stop a cough, night sweats, chills or fever. Remove the cause, and they will all stop of their own accord. No one can be cured of Consumption, Liver Complaint, Dyspepsia, Catarrh, Canker, Ulcerated Throat, unless the liver and stomach are made healthy.

If a person has consumption, of course the lungs in some way are diseased, either tubercles, abscesses, bronchial irritation, pleura adhesion, or the lungs are a mass of inflammation and fast decaying. In such cases what must be done? It is not only the lungs that are wasting, but it is the whole body. The stomach and liver have lost their power to make blood out of food. Now the only chance is to take Dr. Schenck's three medicines, which will bring up a tone to the stomach, the patient will begin to want food, it will digest easily and make good blood; then the patient begins to gain in flesh, and as soon as the body begins to grow, the lungs commence to heal up, and the patient gets fleshy and well. This is the only way to cure Consumption.

When there is no lung disease and only Liver Complaint and Dyspepsia, Schenck's Seaweed Tonic and Mandrake Pills are sufficient, without the Pulmonic Syrup. Take the Mandrake Pills freely in all bilious complaints, as they are perfectly harmless.

Dr. Schenck, who has enjoyed uninterrupted health for many years past, and now weighs 225 pounds, was wasted away to a mere skeleton, in the very last stage of Pulmonary Consumption, his physicians having pronounced his case hopeless and abandoned him to his fate. He was cured by the aforesaid medicines, and since his recovery many thousands similarly afflicted have used Dr. Schenck's preparations with the same remarkable success. Full directions accompany each, making it not absolutely necessary to personally see Dr. Schenck, unless patients wish their lungs examined, and for this purpose he is professionally at his Principal Office, Philadelphia, every Saturday, where all letters for advice must be addressed. He is also professionally at No. 32 Bond Street, New York, every other Tuesday, and at No. 15 Hanover Street, Boston, every other Wednesday. He gives advice free, but for a thorough examination with his Respirometer the price is $5. Office hours at each city from 9 A. M. to 3 P. M.

Price of the Pulmonic Syrup and Seaweed Tonic each $1.50 per bottle, or $7.50 a half dozen. Mandrake Pills 25 cents a box. G. C. GOODWIN & CO., 38 Hanover St., Boston, Wholesale agents. For sale by all druggists.

NEW SABBATH SCHOOL BOOK, just published. "**THE MORNING STARS,**" a book of Religious Songs for Sunday Schools and the Home Circle. The authors believed that by recourse to the FOLK SONGS OF GERMANY,—a rich mine of sweet and simple melodies hitherto but little worked,—music at once very easy, very attractive, beautiful and of high order, might be placed in the hands of children; and from a careful examination of about four thousand of these GERMAN FOLK SONGS, the present collection has been culled.—Great pains has been taken to put the music into proper keys, for children's usage. It is our experience that music for children is very generally written too high. A child's voice should seldom be carried above D; and as a rule, it cannot be maintained for a number of bars on G or D without flatting. Accordingly, we have so selected the keys that only a very few melodies, in which it was impossible to avoid it, will be found to run above D, in any part of them.

Price in Boards, 35 cts; Paper, 30 cts. Sent post paid on receipt of price.

$500 WILL BE FORFEITED BY DR. L. DIX if failing to cure in less time than any other physician, more effectually and permanently, with less restraint from occupation or fear of exposure to all weather, with safe and pleasant medicines.

BOTH SEXES, SINGLE OR MARRIED,
DR. L. DIX'S
PRIVATE MEDICAL OFFICE,
No. 21 Endicott Street, Boston, Mass.,

is so arranged that patients never see or hear each other. Recollect the ONLY entrance to his Office is No. 21, having no connection with his residence, consequently no family interruption, so that on no account can any person hesitate applying at his office.

DR. DIX

boldly asserts (and it cannot be contradicted, except by Quacks, who will do or say anything, even perjure themselves, to impose upon patients) that he

is the only regular graduate physician advertising in Boston.

SIXTEEN YEARS

engaged in treatment of Special Diseases, a fact so well known to many Citizens, Publishers, Merchants, Hotel Proprietors, &c., that he is much recommended, and particularly to

Strangers and Travelers.

To avoid and escape Imposition of Foreign and Native Quacks, more numerous in Boston than other large cities.

DR. L. DIX

proudly refers to Professors and respectable Physicians—many of whom consult him in critical cases, because of his acknowledged skill and reputation, attained through so long experience, practice and observation.

AFFLICTED AND UNFORTUNATE!

be not robbed and add to your sufferings in being deceived by the lying boasts, misrepresentations, false promises and pretensions of

FOREIGN AND NATIVE QUACKS,

who know little of the nature and character of Special Diseases, and less as to their cure. Some exhibit forged Diplomas of Institutions or Colleges which never existed in any part of the world; others exhibit Diplomas of the Dead, how obtained, unknown: not only assuming and advertising in names of those inserted in the Diplomas, but to farther their imposition assume names of other most celebrated Physicians long since dead. Neither be deceived by

QUACK NOSTRUM MAKERS,

through false certificates and references, and recommendations of their medicines BY THE DEAD, who cannot expose or contradict them; or who, besides, to further their imposition, copy from Medical books much that is written of the qualities and effects of different herbs and plants, and ascribe all the same to their Pills, Extracts, Specifics, &c., most of which, if not all, contain Mercury, because of the ancient belief of its "curing everything," but now known to "kill more than it cures," and those not killed, constitutionally injured for life.

IGNORANCE OF QUACK DOCTORS AND NOSTRUM MAKERS.

Through the ignorance of the Quack Doctor, knowing no other remedy, he relies upon MERCURY, and gives it to all his patients in Pills, Drops, &c., so the Nostrum Maker, equally ignorant, adds to his so-called Extracts, Specific, Antidote, &c., both relying upon its effects in curing a few in a hundred, it is trumpeted in various ways throughout the land; but, ALAS! nothing is said of the balance; some of whom die, others grow worse, and are left to linger and suffer for months or years, until relieved or cured, if possible, by competent physicians.

BUT ALL QUACKS ARE NOT IGNORANT.

Notwithstanding the foregoing facts are known to some Quack Doctors and Nostrum Makers, yet, regardless of the life and health of others, there are those among them who will perjure themselves, contradicting giving mercury to their patients or that it is contained in their Nostrums, so that the "usual fee" may be obtained for professedly curing, or "the dollar" or "fraction of it" may be obtained for the Nostrum. It is thus that many are deceived also, and uselessly spend large amounts for experiments with quackery.

DR. L. DIX'S

charges are very moderate. Communications sacredly confidential, and all may rely on him with the strictest secrecy and confidence, whatever may be the disease, condition or situation of any one, married or single.

TO THE LADIES.—The celebrated DR. L. DIX particularly invites all ladies who need a Medical or Surgical adviser, to call at his Rooms, No. 21 Endicott Street, Boston, Mass., which they will find arranged for their special accommodation.

Dr. DIX having devoted over twenty years to this particular branch of the treatment of all diseases peculiar to females, it is now conceded by all (both in this country and in Europe) that he excels all other known practitioners in the safe, speedy and effectual treatment of all female complaints.

His medicines are prepared with the express purpose of removing all diseases, such as debility, weakness, unnatural suppressions, enlargements of the womb, also all discharges which flow from a morbid state of the blood. The Doctor is now fully prepared to treat in his peculiar style, both medically and surgically, all diseases of the female sex, and they are respectfully invited to call at

1000 MILES

OF THE

Union Pacific

RAILROAD

ARE NOW COMPLETED.

As 500 miles of the western portion of the line, beginning at Sacramento, are also done, but

267 MILES REMAIN

To be Finished, to Open the Grand Through Line to the Pacific. This Opening will certainly take place early this season.

Besides a donation from the Government of 12,800 acres of land per mile, the Company is entitled to a subsidy in U. S. Bonds on its line as completed and accepted, at the average rate of about $28,000 per mile, according to the difficulties encountered, for which the Government takes a second lien as security. Whether subsidies are given to any other companies or not, the Government will comply with all its contracts with the Union Pacific Railroad Company. Nearly the whole amount of bonds to which the Company will be entitled have already been delivered.

FIRST MORTGAGE BONDS AT PAR.

By its charter, the Company is permitted to issue its own FIRST MORTGAGE BONDS to the same amount as the Government Bonds, and *no more.*— These Bonds are a First Mortgage upon the entire road and all its equipments.

THEY HAVE THIRTY YEARS TO RUN, AT SIX PER CENT., and both

PRINCIPAL AND INTEREST

ARE

PAYABLE IN GOLD.

Such securities are generally valuable in proportion to the length of time they have to run. The longest six per cent. gold interest bonds of the U. S. (the '81's) will be due in 12 years, and they are worth 112. If they had 30 years to run, they would stand at not less than 125. A perfectly safe First Mortgage Bond like the Union Pacific should approach this rate. The demand for European investment is already considerable, and on the completion of the work will doubtless carry the price to a large premium.

SECURITY OF THE BONDS.

It needs no argument to show that a First Mortgage of $28,000 per mile upon what for a long time must be the only railroad connecting the Atlantic and Pacific States is PERFECTLY SECURE. The entire amount of the mortgage will be about $30,000,000, and the interest $1,800,000 per annum in gold. The present currency cost of this interest is less than $2,500,000 per annum, while the gross earnings for the year 1868, FROM WAY BUSINESS only, on AN AVERAGE OF LESS THAN 700 MILES OF ROAD IN OPERATION, WERE MORE THAN

FIVE MILLION DOLLARS,

The details of which are as follows:

From	Passengers	$1,024,005.97
"	Freight	2,040,233.19
"	Express	51,423.08
"	Mails	136,235.59
"	Miscellaneous	81,626.27
"	Government troops	103,077.77
"	" freight	419,449.33
"	Contractors' men	201,179.09
"	" material	993,434.32
	Total	$5,066,651.61

This large amount is only an indication of the immense traffic that must go over the through line in a few months, when the great tide of Pacific coast travel and trade will begin. It is estimated that this business must make the earnings of the road from FIFTEEN TO TWENTY MILLIONS A YEAR.

As the supply of these Bonds will soon cease, parties who desire to invest in them will find it for their interest to do so at once. The price for the present is par and accrued interest from Jan. 1, in currency.

Subscriptions will be received in Newport by HENRY BULL & CO; NATIONAL EXCHANGE BANK, Newport; NEWPORT NATIONAL BANK; and in New York

At the Company's Office, No. 20 Nassau Street,

AND BY

John J. Cisco & Son, Bankers, No. 59 Wall Street,

And by the Company's advertised agents throughout the United States.

Bonds sent free, but parties subscribing through local agents, will look to them for their safe delivery.

A NEW PAMPHLET AND MAP WAS ISSUED Oct. 1st, containing a report of the progress of the work to that date, and a more complete statement in relation to the value of the bonds than can be given in an advertisement, which will be sent free on application at the Company's Offices or to any of the advertised agents.

"I have no hesitation in assuring inventors that they cannot employ a man *more competent and trustworthy* and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.

EDMUND BURKE,

"Mr. R. H. EDDY has made for me THIRTEEN applications, in all but ONE of which patents have been granted, and that one is *now pending.* Such unmistakable proof of great talent and ability on his part, leads me to recommend ALL inventors to apply to him to procure their Patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges.

The Waters' Pianos are known as among the very best. *N. Y. Evangelist.*

We can speak of the merits of the Waters' Pianos from personal knowledge as being of the very best quality.—*Christian Intelligencer.*

The Waters' Pianos are built of the best and most thoroughly seasoned material.—*Advocate and Journal.*

Our friends will find at Mr. Waters' store the very best assortment of Pianos, Melodeons and Organs to be found in the United States.—*Graham's Magazine.*

MUSICAL DOINGS.—Since Mr. Waters gave up publishing sheet Music, he has devoted his whole capital and attention to the manufacture and sale of Pianos and Melodeons. He has just issued a catalogue of his new instruments, giving a new scale of prices, which shows a marked reduction from former rates, and his Pianos have recently been awarded the First Premium at several Fairs. Many people of the present day, who are attracted, if not confused, with the flaming advertisements of rival piano houses, probably overlook the modest manufacturer like Mr. Waters; but we happen to know that his instruments earned him a good reputation long before Expositions and "honors" connected therewith were ever thought of; indeed, we have one of Mr. Waters' Pianofortes now in our residence (where it has stood for years), of which any manufacturer in the world might well be proud. We have always been delighted with it as a sweet toned and powerful instrument, and there is no doubt of its durability; more than this, some of the best amateur players in the city, as well as several celebrated pianists, have performed on the same piano, and all pronounce it a superior and *first-class* instrument. Stronger endorsement we could not give.—*Home Journal.*

The Medicine for

WHOOPING COUGH!

DODD'S NERVINE AND INVIGORATOR gives agreeable and almost instant relief in the spasms of Whooping Cough. This is a complaint that all children are expected to have; and when it comes, strange to say, they are left to fight it through as they best can, little or nothing being done to break its intensity or help the sufferers along. And when it is reflected that very many of the diseases of older and adult years have their origin in the tear and strain of Whooping Cough, this neglect would be utterly unaccountable but for the fact that children's diseases, like many of the weaknesses of women, are considered so much a matter of course that people have become stoically unconcerned about them. Let them cough it through, as we did, seems generally to be the unfeeling word. Whooping Cough is a Nervine disease, and Dodd's Nervine and Invigorator treats it with COMPLETE SUCCESS. Mothers, TRY IT, and save your little ones the worst agony of this distressing affection. A sure and beneficent medicine.

Important Certificate.

Speedy Cure for Whooping Cough.

J. W. PECKETT, Esq., Brooklyn, N. Y.

I am not in the habit of taking advertised medicines, nor of certifying to their curative effects when they come under my observation; but I feel constrained to make an exception in favor of DODD'S NERVINE AND INVIGORATOR, a medicine I have used in my family for some time past. My little daughter had been suffering from severe Whooping Cough for several weeks, and was so much broken of rest at night that—by excessive coughing and loss of sleep—her constitution and general health seemed to be giving away. Various remedies or palliatives were recommended by intimate neighbors, but nothing was tried until our attention was called by a physician not now in practice to Dodd's Nervine. This we procured and commenced using at once—with an effect immediate and surprising. As the convulsions were hardest at night, we began by giving the Nervine on her going to bed. The first dose administered made its impression; the cough became less frequent, and very much less severe—she soon got her accustomed sleep—rapidly revived in health and vigor—and in a few days was as well as ever. What was left of the Whooping Cough was thereafter of no trouble. Of course I cannot but consider Dodd's Nervine and Invigorator an invaluable remedy for this distressing malady. I may add, that I have since recommended it to several family friends, in like circumstances, and have found it in every case to be equally successful. It needs only to be known to come into universal demand.

COLGATE & CO'S

TOILET SOAPS.

I want to rouse each sleepy head,
Who stand upon the brink,
Where yawning gulfs disclose the dead,
Who might, but did not, think.

I want to warn the living ones
Who blindly grope along,
Ye fathers, daughters, mothers, sons,
What perils round you throng!

Look out, my reader, are you free
Or do you wear the mark?
Most all are blind and cannot see,
Yes, groping in the dark.

Catarrh, a demon in the head,
Consumption is its son;
Kills hosts, yea, countless millions, dead,
Perhaps you may be one.

That hacking, hawking, spitting, sneeze,
Catarrh affects your head.
Matter and slime in throat or nose,
Runs down your throat instead.

Your lungs and liver soon will show,
Consumption has its birth;
Catarrh, its sire, will feed it you,
Till you return to earth.

If colds affect your head and throat,
ANNIHILATOR buy;
Now don't forget what I have wrote,
Or think this subject dry.

WOLCOTT'S ANNIHILATOR cures
Catarrh—the demon flies;
It saves the lungs, good health insures,
And Catarrh quickly dies.

I want to gratify my friends,
Who wish to understand
About PAIN PAINT, its use, its ends,
And why its great demand.

I want to show you, plain as day,
Why PAIN PAINT stops all pain,
That you may never have to say
"I'll not try paint again."

PAIN PAINT will cool but never stain;
Pumps inflammation out;
'Tis harmless on the breast or brain,
A trial stops all doubt.

When inflammation leaves the frame,
All pain will cease at once;
Remove the cause, 'tis all the same;
None doubts unless a dunce.

The pores will ope and drink PAIN PAINT;
Absorbents fill with ease;
Restores the weak, the sick, the faint,
The greatest skeptic pleases.

Evaporation cools the place
As inflammation flies;
Hot blood at the absorbent's base
Makes PAIN PAINT in vapor rise.

'Tis thus PAIN PAINT removes all doubt,
Removes the very cause
By pumping inflammation out;
On this we rest our cause.

Wolcott's Pain Paint is sold at all Drug Stores; also, Wolcott's Annihilator, for the cure of Catarrh and Colds in the head. Sent by Express on receipt of the money, at 181 Chatham Square, N. Y. R. L. Wolcott, Prop. f11—4w

COE'S COUGH BALSAM

This long tried and popular Remedy is again called to the attention of the public. As often as the year rolls around, the proprietors annually make their bow to the people, and remind them that amongst the many things required for the health, comfort and sustenance of the family through the long and tedious months of winter, Coe's Cough Balsam should not be forgotten. For years it has been a household medicine—and mothers anxious for the safety of their children, and all who suffer from any disease of the throat, chest and lungs, cannot afford to be without it. In addition to the ordinary four ounce to long in the market, we now furnish our mammoth family size bottles, which will, in common with the other size, be found at all Drug Stores.

FOR CROUP.

The Balsam will be found invaluable, and may always be relied upon in the most extreme cases.

WHOOPING COUGH.

The testimony of all who have used it for this terrible disease during the last ten years, is, that it invariably relieves and cures it.

SORE THROAT.

Keep your throat wet with the Balsam—taking little and often—and you will very soon find relief.

HARD COLDS AND COUGHS

Yield at once to a steady use of this great remedy.— It will succeed in giving relief where all other remedies have failed.

Soreness of the Throat, Chest and Lungs.

Do not delay procuring and immediately taking Coe's Cough Balsam, when troubled with any of the above named difficulties. They are all premonitory symptoms of Consumption, and if not arrested, will sooner or later sweep you away into the valley of shadows from which none can ever return.

IN CONSUMPTION,

Many a care-worn sufferer has found relief and to-day rejoices that her life has been made easy and prolonged by the use of Coe's Cough Balsam.

IN SHORT,

The people know the article, and it needs no comment from us. It is for sale by every Druggist and Dealer in Medicines in the United States.
